

Are you compliant?

Introducing Our New End of Life Verification Service for Milliflex[®] and Steritest[™] Pumps, M Air T[®], MAS and RCS[®] Air Sampling Systems

You rely upon accurate results from your equipment, all along its lifetime as requested by GLP 21 CFR 58.63 (FDA), USP <1058> and EU GMP vol. 4, 3.41.

- Are you sure that you have it under control until the end?
- How do you check your equipment before decommission?
- Are you able to document it?

Discover our NEW end of life verification service!

We can verify your equipment in our local repair center or at your site.* At the end of the service you receive a performance report including as found data of your equipment.

For more information, please contact your local sales representative.

*Availability of on-site service depends on equipment type and number of units as well as customer location.
