

Maximize uptime with Milli-Q® Service Total Predict™ Plan

In a clinical lab, every minute of water system downtime may delay patient results. The Total Predict™ Plan lets us monitor and catch risks before they impact analyzers—ensuring uninterrupted, compliant purified water from Milli-Q® CLX 8Series systems.

**Quality care, delivered.
In person & online.**

NEW

 **Predictive Intelligence**

- Real-time monitoring & predictive analytics
- Proactive online diagnostics & repair
- System Performance Report
- Secure connectivity via LAN or cellular router

+

 **Complete System Coverage**

- Preventive maintenance visit
- Unlimited repairs
- Free genuine spare parts
- MyMilli-Q™ Remote Care & Online Contract Management

+

 **Best-in-Class Service Support**

- Certified service engineers
- Traceable documentation
- Tailored service options

THE TOTAL PREDICT™ SOLUTION

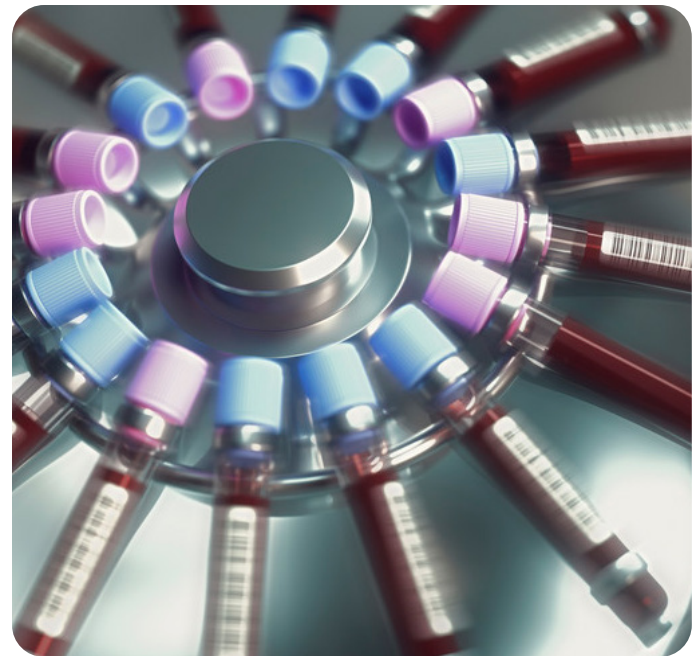

Uninterrupted performance that prioritizes patient care.

TARGET 99.9% UPTIME *

- **Predictive analytics with proactive service** – Continuous monitoring lets us automatically detect emerging trends and proactively intervene to prevent unexpected downtime
- **Remote troubleshooting** – Fast, professional diagnostics and potentially online repairs
- **Tailored Preventive Maintenance Visit** – Includes an annual full system check-up with replacement of aging parts, customized care according to predictive data, and a traceable diagnostic report
- **System Performance Report** – A fully transparent yearly analysis of uptime, water quality, consumption, and more

Powered by MyMilli-Q™ Remote Care

IMPROVE RESOURCE EFFICIENCY

- **Priority status** for any requests, including service visits and parts delivery
- **Avoid surprise costs** – All parts, labor and travel are covered so you can budget with confidence
- **Ease audits and compliance** with all quality and maintenance records at your fingertips
- **Simplified online management** of system, contract and consumables via the MyMilli-Q™ platform

HAVE FULL CONFIDENCE IN BEST-IN-CLASS MILLI-Q® SERVICES

- **Assured quality** – ISO 9001:2015 certified field service organization† and factory-trained engineers follow auditable standard operating procedures
- **Responsive expert support**, both in person and online
- **Genuine parts** from our ISO 9001-certified manufacturing site

OPTIONS

- Verification • Calibration • Sanitization‡ • Extended guarantees • Additional preventive maintenance visits • Scheduled shipments of consumables and parts • Remote Health Checks
