

Product Information

Lidocaine Analytical Standard

L1026

Store at room temperature.

CAS RN 137-58-6

Synonyms: 2-Diethylamino-N-(2,6-dimethylphenyl)acetamide, Lignocaine, Xylocaine

Product Description

Molecular Formula: C₁₄H₂₂N₂O

Molecular Weight: 234.34

This product meets USP specifications (Current through USP 43, 3rd Supplement) and is traceable to USP Reference Standard lot R10460.

Precautions and Disclaimer

This product is for R&D use only, not for drug, household, or other uses. Please consult the Material Safety Data Sheet for information regarding hazards and safe handling practices.

Preparation Instructions

Dry a portion in vacuum over silica gel for 24-hours before use. Use promptly. Discard unused material.

Storage/Stability

Store in a sealed vial at room temperature.

Notice

We provide information and advice to our customers on application technologies and regulatory matters to the best of our knowledge and ability, but without obligation or liability. Existing laws and regulations are to be observed in all cases by our customers. This also applies in respect to any rights of third parties. Our information and advice do not relieve our customers of their own responsibility for checking the suitability of our products for the envisaged purpose.

The information in this document is subject to change without notice and should not be construed as a commitment by the manufacturing or selling entity, or an affiliate. We assume no responsibility for any errors that may appear in this document.
